Chaotic Struggles to be Saved, With Hope Nearly Gone.

Each Man, Woman and Child Fights for Life.

#### THE WATHINGS OF DANGER UNHEEDED.

The rush and roar and confusion of a great catastrophe, the heart-rending shricks of agony and the carnival of death, impress us with its tragic magnitude.

Heroic calamity adds the dramatic elements to the ordinary fear of death.

Thus, while contemplating with borror the destruction of cities or the carnage of

battle, we are blind to the noiseless devas-tation wrought by disease, which numbers infinitely more victims than all other causes of death, combined.

It is the old story of expansion; the oak growing from the acorn.

A slight indisposition, somewhat dis comforting, but not worthy of attention.

It grows.

Bye-and-bye the trouble becomes chronic Neglect gives way to apprehension, and the victim experiments with his system. A little further on his complaint issec bothersome that he consults a doctor, and finds he has acute organic trouble, which

can only yield to powerful treatment, if Sometimes the crash comes suddenly and unexpectedly, and his friends are surprised By far the great majority of illnesses are due to impaired action of the liver, which

reacts on some one of the digestive organs and plants the seed of disease.

Almost every function of the human body is controlled by the liver, so that many dissimilar forms of disease have a common origin.

Amongst the most common of the early Amongst the mest common of the early symptoms of a disordered liver are Sick Headache, Billousness, Constipation, Dizziness, Indigestion, Flatulence, Lassitude and many kinds of Eruptions and Fevers.

These can all be easily cured, and the danger of chronic disorder averted by the use of Smith's Bile Beans.

Smith's Bile Beans are a certain cure for all liver maladies, and besides their unfail-ing effectiveness, have the additional merit-of being years. of being very small, sugar-coated and easy to take, even by young children.

Their small cost enables those who dis

like to risk much money on an experiment, to put them to a thorough test. Mr. J. P. Reiger, Sheldon, Ia., writes : Enclosed find postal note for \$2. Kindly send me the worth in Bile Beans. Although I am healthy, strong and active just now, your won-derful medicine is indispensable to me.

Mr. G. L. Hassell, Jr., St. Kevin, Col.

Mr. Abel G. Newman, Iowa Soldiers

Solutions must be neat and correct; no credit for mere answers or for algebraic solution Giving or receiving aid will forfeit the grade in this branch.

 Insert two arithmetical means between 4 and 40. The G. C. D. of three numbers is 15, and their L. C. M. 450; what are

the numbers ? Goods were bought for \$2.75 and sold for \$2.15; what was the gain or loss per cent.? Solve by analysis.

Reduce 4-5 to thirds; 5 6 to ninths; and 3-4 to a fraction whose num erator shall be 10. Reduce 8 1-2 oz. av. to oz. troy; and 8 1-2 oz. troy to oz. av.

THE DIVINE NAME.

The Ineffable Word That Is Never Spoke by Many Israelites.

ish rendering of the name of the Deity. He says that the term "Jehovah," the ineffable tetragrammaton, is never pronounced by many Israelites. They use the word "Adonoi," which signifies "the Lord." The translators of the Bible followed this custom, rendering the word "Jehovah" as "Lord." In ancient times the Pharisees replaced the tetragrammaton by Shem. They used "Shemo," which is also Biblical, as the sacred name, and this name is yet retained, to some extent, among the Jews. But it would appear from passages in the Psalms that Adonoi, or Lord, for Jehovah was more ancient even than the times of the Pharisees. It thus occurs eight times in Psalm lxxxiv. It also appears in the book of Exodus, where "Jehovah" had been used in the original Hebrew. This substitution

and it is yet common among all Jews. Dr. Wise says he has found that the ancient translations testify in favor of "Adonoi." Looking at the English translation of the Old Testament, it will be found that the name Jebovah appears in the books of Genesis, Exodus, Judges, the Psalms and Isaiah. It is not in the New Testament -New York Sun

would seem to be older than any other,

In a sketch of Sir William Martin Conway, the great mountain climber and explorer of the Himalayas, The English Illustrated Magazine says that he has the "climber's walk"-that is, The Rev. Dr. Wise, president of the a gentle roll of the body, with no un-Hebrew Union college at Cincinnati, has given his view of the ancient Jew-rhythmic precision. He is a slim man, but tough, full of energy, and with iron muscles. When climbing the Himalayas, he spent 84 days on snow and glacier. During that time he traversed from end to end the three longest known glaciers in the world outside the polar regions and landed on the summit of Pioneer peak, 23,000 feet high, the greatest height yet reached by man. He has already made plans for another expedition when he gets back from Spitzbergen and hopes to get through two or even three more before contesting a seat in parliament as he intends to do at the next general election.

There are many men who die of this difficulty, ignorant of the cause, which is a second stage of seminal weakness. We will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.
